

LIVING ON THE EDGE

The Realities of Living Paycheck to Paycheck
in Today's World

WHAT IS THIS?

The Living on the Edge Simulation is a tool that helps participants rethink the challenges that millions of individuals, including people in our community, must face each and every day. More importantly, this tool helps community leaders identify areas of change that can directly impact the effects of poverty on individuals, families, and communities.

Poverty is often portrayed as a stand alone issue, but this simulation allows individuals to walk a month in the shoes of someone who is living paycheck to paycheck and realize how complex and interconnected issues of poverty really are.
