

A Better College Point Civic Association Privacy Policy

Effective Date: October 18, 2022

This Privacy Policy explains how “A Better College Point Civic Association (ABCPCA),” “we,” “our,” “us” collects and protects your personal information for only our use to communicate with you.

COLLECTION OF PERSONAL INFORMATION

Information is collected directly from you: We will only collect personal information directly from you, for example through a web form, during registration, or at ABCPCA’s monthly meeting. Personal information we collect directly from you may include first and last name, address, email address, and phone number.

Our website may use technologies such as cookies, web beacons, pixels, and other similar technologies to automatically collect certain information from your device including, for example, your IP address, date and time of your visit, browser and operating system information, referring website address, and other information about how you interact with the website. Our website may also use cookies and similar technologies to enhance your user experience on our website. Our email campaigns may also use tracking technologies such as web beacons, pixels and other similar technologies to automatically collect certain information such as your IP address, browser type and version, and email engagement statistics. ABCPCA only looks at the engagement statistics. We do not have access to anything else.

USE OF PERSONAL INFORMATION

The personal information that you shared will only be used to send **YOU** information about our monthly meetings or to alert **YOU** of an emergency. We may do that via text message, email, and/or a letter through the USPS. The only information we asked of you was your name, phone number, email & address. We will **NEVER** share your personal information with any third party or other organization.

If we were required by law through a subpoena or warrant to share information we would seek legal council first to see if we were mandated to share the information.

EMAIL AND TEXT MESSAGE COMMUNICATIONS
