Xantrex

Join Xantrex Applications Engineer, Don Wilson for a training session that will include:

- Inverter/ converter troubleshooting and replacement on motorhomes and travel trailers
- Battery technology, including Lithium systems
- Inverter/ converter upgrades
- Solar sizing and installation

Don Wilson, Instructor

Don Wilson has worked in technical capacities in the automotive/truck, RV and marine fields and for the military since 1989 and has extensive experience in designing and troubleshooting onboard electrical systems. A former customer service manager dealing with electronic issues, Wilson currently serves as a technical instructor for the RV industry's RVIA Trouble Shooters Clinics and is a full-time sales application engineer for Xantrex brand at Mission Critical Electronics (MCE).

King Mobile

This training will provide an overview of today's changing landscape related to the Wi-Fi and cellular connectivity challenges that RVers face on the road. We'll discuss the installation of KING's antenna and booster solutions that improve mobile internet access. We'll also discuss KING's satellite antenna products, as well as the new ATSC 3.0 Digital Television broadcast standard, and how it's implementation will affect the future of OTA antennas.

Marc Lubker, Instructor

Marc is the Executive Director of Sales and Marketing at KING in Bloomington, MN, a leading manufacturer of RV and Mobile Connectivity solutions. Marc has over 25 years of industry experience in the RV Parts and Accessories aftermarket, having worked previously with major distributors, dealerships, and manufacturers.
