It has been a great year to be a Scout! Each year the Cradle of Liberty Council looks back at what has been accomplished. The council has many highlights to celebrate, and none of it would be possible without the support received from our advocates, donors, volunteers and sponsors. Your assistance has been vital in the work to welcome all families, and individuals, that want to be a part of Scouting. We are grateful for your support and look forward to continuing our work together.

This year, the Cradle of Liberty Council was able to launch several new programs and initiatives that have had a positive impact on our Scouts and their families. We were proud to open the doors of Scouting to many more diverse communities, which has resulted in an increase in youth membership. Our new STEM-based program has been successful in providing hands-on learning opportunities for our Scouts and inspiring them to explore science and technology. Additionally, we have invested in improving our campsites and outdoor experience, ensuring that our Scouts can enjoy all of the natural beauty that Scouting has to offer.

The Cradle of Liberty Council has also been able to expand its reach with new Scout units being established in surrounding counties. We have seen an increase in youth participation in our programs and events, which has allowed us to engage more Scouts and families in our mission. Furthermore, we have provided more opportunities for adult volunteers to serve as role models and mentors for our Scouts. Our volunteers have helped to create a safe and inclusive environment for all Scouts and their families, where everyone can thrive.

We are proud to have achieved so much this year, but we know that there is still more work to be done. As we look ahead to 2023, we are excited about the possibilities that lie ahead and remain committed to creating a positive impact on the lives of our Scouts and their families.
