## **“Minimalism”**

**Tuesday, April 17**

Imagine a life with less: less stuff, less clutter, less stress, less debt, less discontent. A life with fewer distractions. Now imagine a life with more: more time, more meaningful relationships, more growth, more contribution, more contentment. *Minimalism: A Documentary About the Important Things*, is a feature-length documentary, that examines the many flavors of minimalism by taking the audience inside the lives of minimalists from all walks of life. From minimalist architects, designers, and musicians, to businessmen, authors, and minimalist families, this film explores various recipes for how to live a more meaningful, deliberate life. Not a perfect life—not an easy life—but a simple one.
