

MEET AT-RISK'S EXPERTS IN ORLANDO, SEPTEMBER 12-15

Are you among the more than 20,000 security professionals planning to attend the ASIS International 62nd Annual Seminar and Exhibits next week? If so, please visit us at Booth #1567 or attend one of our presentations.

This year's event, which takes place September 12-15, 2016, at the Orange County Convention Center in Orlando, Florida, will focus on the state of the global security industry and educate attendees on the latest challenges and best practices for mitigation. As a recognized leader in global threat management, AT-RISK International will present four educational sessions at the event, including a poster session.

Diverse Global Expertise

Each of the presentations highlights a different facet of the organization's expertise, featuring several of our strategic partners.

- ***Meeting the Security Challenges of the Olympics.*** Monday, September 12, 11:00 a.m. – 12:00 p.m. Randall Biglow, Vice President of Global Operations, will discuss the unique challenges associated with this international event, based on extensive firsthand experience gained at multiple Olympics.
- ***Preventing Active Shooter Attacks: Behavioral-Based Threat Assessment Strategies.*** Monday, September 12, 1:45 p.m. – 3:00 p.m. AT-RISK President Chuck Tobin will participate on a panel that examines real-world scenarios to illustrate best practices for identifying, assessing and managing threats of violence.
- ***Biosecurity, Bioterrorism and the Modern Terrorism Mindset.*** Tuesday, September 13, 10:00 a.m. – 11:00 a.m. Dr. Ryan Burnette, Director of International Biosecurity and Biosafety Programs, will deliver a joint presentation on the biosecurity implications of the current terrorist threat. The poster will be displayed throughout the show.
- ***Thwarting the Modern Terrorist Threat at Hotels and Special Events.*** Wednesday, September 14, 11:00 a.m. – 12:00 p.m. President Chuck Tobin and Bob Nicholls of Nicholls Steyn and Associates will present international case studies to demonstrate best practices for protecting individuals and rescuing hostages in an attack.
