

Water Management Association of Ohio  
51<sup>st</sup> Annual Conference

## **MAKING A SPLASH: IMPACTING AND PROTECTING OUR WATER**

### ***Careers in Water Resources***

**Tuesday, November 8, 2022; 3:15 – 4:45 p.m.  
Crowne Plaza Hotel, Worthington / Columbus**

October 21, 2022

Dear University Student:

The Water Management Association of Ohio (WMAO) invites you to participate at ***Careers in Water Resources***. This event, in conjunction with the WMAO 51<sup>st</sup> Annual Conference, will be held on November 8, 2022, at the Crowne Plaza Hotel, 6500 Doubletree Ave., Worthington / Columbus, Ohio.

We will explore the water profession through conversation with sector representatives: private companies (environmental consulting and engineering firms), academia, Non-Governmental Organizations (NGOs) such as nonprofit environmental groups, as well as local, state and federal governments. Technicians from each of these industries will be available to provide insight and answer questions related to their field of operation to assist you in launching a successful career as a water professional.

Careers in water resource management will continue to be in high demand. Please join us for this networking event to learn about career opportunities and talk with potential employers. You can visit us for refreshments during a conference break at 2:45 p.m. The networking roundtables will begin at 3:15 in the Grand Pavilion, followed by an hors d'oeuvre reception and academic poster session.

The theme at the conference this year is “MAKING A SPLASH: IMPACTING AND PROTECTING OUR WATER”. You may attend this special event starting at 2:45 p.m. as our guest or register for the full day as a student attendee for only \$22. The agenda and registration are online: [wmao.org](http://wmao.org).

We hope to see you on November 8<sup>th</sup>!

Sincerely,

Melissa Menerey, WMAO President
