

Lindley Middle School Dedicates Outdoor Learning Space

Nate Smith, Education Committee Chair

Tues. Nov. 10, 2020 marked the public display of what began as a partnership between Lindley Middle School PTSA co-president Keith Frazier, and MIC board member, Nate Smith for the Lindley Middle School Outdoor Learning Space. During the pre-Covid days of 2019, MIC partnered with Lindley Middle School to help realize the dream of former school principal, Dr. "G" who served as the inspiration for the Outdoor Learning Space. The dedication ceremony and ribbon cutting presided over by the new LMS principal, Ms. Elayna Wilson was further confirmation that involvement with our schools generate a win win for student learning and community engagement. Thanks to the sponsor support from the Mableton business community and MIC in helping further student learning <http://cobbcast.cobbk12.org/?p=32341> With the continued business and community support our students will be better prepared for future success.

LMS Principal Ms. Elayna Wilson and Pebblerook Principal Dr. Dana Giles officially dedicate the Outdoor Learning Space.

LMS Principal Elayna Wilson presented Dr. Giles with special recognition for inspiring the "Falcon Nest"

Mableton Community Sponsors supporting the Outdoor Learning Space effort included, Caroll Daniel Construction, Meridian Brick, Argos USA, Consturpower LLC and Mableton Improvement Coalition (MIC)
