

We need you to [take action now](#).

In Michigan, the voters decided and we're ready to begin the work of building the future we all deserve. But some members of our state legislature are trying to obstruct the will of the people.

Despite the pandemic and deliberate barriers from misinformation to intimidation, voters did their job and turned out in record numbers. And election officials have done theirs.

Now, we need our legislators to do their jobs. Respect the will of the people and get to work on real issues like providing relief and keeping us safe from a global pandemic.

Instead, over this past weekend the House and Senate Oversight Committee held a hearing to try to prolong and sow doubts about our elections. Let's be clear. This is a cynical attempt to undermine our democracy, and Michiganders won't tolerate it.

The election is over, and we're not going to allow anyone to tamper with the results and take away our voices.

We need you to take action now, by [emailing your legislators](#), and using this [Protect Our Democracy Toolkit](#) ([bit.ly/MItoolkit](http://bit.ly/MItoolkit)) to join phone and text banks this week and next, get your legislators to sign the pledge to respect the will of the people, and encourage your friends, family and communities to do the same.

Voters decided in Michigan, and we aren't going to let anyone mess with our democracy.

Thank you!
