| F - Federal Project | NE - Not Eligible | R - Repeat Request |
| * - Completed       | S - Supplemental  |                    |

All Grant Allocations will be approved on a project percentage basis not to exceed the dollar amount approved. When project bids are officially accepted by the by the airport sponsor, notification will be required to the Aeronautics Commission Office to determine the official grant allocation dollar amount. The remaining grant allocation balance for each project will then return to the Aeronautics Commission to be used for future airport project allocations.

| AIRPORT     | PROJECT DESCRIPTION                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |     | PRIORITY | TOTAL PROJECT          | STATE \$ REQUESTED     | GRANT \$ AWARDED       | % AWARDED |

| Grand Forks | 1. FAA 2026 AIP #70 - Reconstruct Runway 17R/35L - South Portion Supplement (\$332,290 awarded in May 2026 at 2.5%)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | F/S | 56       | \$31,640,264.00        | \$11,293.00            | \$11,293.00            | 2.5%      |
|             | 2. Reconstruct Runway 17R/35L - South Portion                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |     | 46       | \$19,220,064.00        | \$19,220,064.00        | \$19,220,064.00        | 100.0%    |
|             | <p style="text-align: center;"><b>Sub Total</b></p> <p><i>Grand Forks International Airport is advancing the reconstruction of its primary runway (17R/35L), with the final construction phase anticipated in 2027. The combined cost of completed and remaining phases is estimated at approximately \$53 million. The North Dakota Legislative Assembly appropriated \$20 million in one-time funding from the Strategic Investment and Improvements Fund (SIIF) to support the project. Of this amount, the North Dakota Aeronautics Commission (NDAC) previously awarded \$768,643 through earlier grant rounds. The remaining \$19,231,357 will be awarded during the current grant round after the airport's previous grant request was deferred pending the award of additional federal funding for the project. To date, the Federal Aviation Administration (FAA) has now awarded approximately \$29.6 million toward the project.</i></p> |     |          | <b>\$50,860,328.00</b> | <b>\$19,231,357.00</b> | <b>\$19,231,357.00</b> |           |
