

## Commercial Service Airport Grant Awards - 2026

Version: 2 June 2026

**\$12,588,263.00** - Funds awarded for allocation to Commercial Service Airports

F - Federal Project	NE - Not Eligible	R - Repeat Request
* - Completed	S - Supplemental	

All Grant Allocations will be approved on a project percentage basis not to exceed the dollar amount approved. When project bids are officially accepted by the airport sponsor, notification will be required to the Aeronautics Commission Office to determine the official grant allocation dollar amount. The remaining grant allocation balance for each project will then return to the Aeronautics Commission to be used for future airport project allocations.

	<p><i>The Fargo Hector International Airport is nearing completion of its passenger terminal renovation and expansion project, with a total estimated cost of approximately \$157 million. The 2025 North Dakota Legislative Assembly appropriated \$45 million in one-time funding through the Strategic Investment and Improvements Fund (SIIF) to support the project. The North Dakota Aeronautics Commission (NDAC) awarded this allocation in 2025 and had previously contributed an additional \$5 million toward the project. With the inclusion of the current grant round, the total state participation in the Fargo commercial terminal project is anticipated to reach approximately \$55 million.</i></p>

	<p><i>Grand Forks International Airport is advancing the reconstruction of its primary runway (17R/35L), with the final construction phase currently anticipated in 2027. The combined cost of completed and remaining phases is estimated at approximately \$70 million. The North Dakota Legislative Assembly appropriated \$20 million in one-time funding from the Strategic Investment and Improvements Fund (SIIF) to support this project. Of this amount, the North Dakota Aeronautics Commission (NDAC) allocated \$338,367 in 2025. An additional \$468,882 will be allocated during the current grant round. The Commission will defer a decision on the remaining \$19,191,626. This balance will be considered at a future meeting to allow for refinement of total project costs, confirmation of federal participation levels, and alignment with final project phasing.</i></p>
