# Our Mission

To serve as a resource for its members, partners and businesses, dedicated to serving their needs and the economic development of the broader Haitian-American community.

The Haitian-American Chamber of Commerce of Florida (HACCOF)

**Leading organization** bringing businesses together, acts as an advocate for Haitian and Haitian-American enterprises. We are the premier voice for the business community to the public, the media and government entities.

**Mobilizes concerned entrepreneurs across Florida, the U.S. and Haiti** when important legislation and regulations are planned or debated that may potentially affect the broader Haitian business community and its advocates.

**Promotes partnerships and alliances** within communities throughout Florida and Haiti to build healthy business climates, foster investment opportunities, create economic growth, and encourage public and private sector collaboration.

The Scale Up Business Incubator was created to turn ambition into achievement. It's more than a program, it's a movement designed to empower emerging entrepreneurs, strengthen local businesses, and ignite economic growth within our community.

Through hands-on mentorship, expert-led workshops, and access to vital business resources, Scale Up helps entrepreneurs move from ideas to sustainable enterprises. Every participant leaves equipped with the tools, confidence, and connections needed to thrive in today's competitive market.
