

S.W.A.T.

(Students Who Assist Technology)

WCA is introducing a new club!

This club (for grades 5 and 6)

will provide learning

opportunities in computer

science & will have students

problem solving, collaborating,

communicating, designing, &

creating. These skills are

transferable to all areas in life and can have significant gains in

student engagement and achievement levels.

In addition to learning the essentials of the technology used in our school we will also be **coding** and learning **game design**.

To sign up, please register through the Explorers Clubs.

Any questions? Email robin.reed@worldcompassacademy.com

- *Club Sponsor: Robin Reed*
- *Meeting Times: Thursdays (3:45-4:45p)*
- *Students meet in the gym after school to check-in for Explorers Club and have a snack!*
- *Club begins February 9th and goes through May 18th*
