

Committed to Excellence in Education and Student Success

As we celebrate the conclusion of another successful school year, I want to thank our students, staff, families, Board of Education, and community for their continued support of Steubenville City Schools. Together, we have achieved great things and continued our tradition of excellence.

During the 2025-2026 school year, Steubenville City Schools continued to earn recognition for academic achievement and student success. Our schools received state and national recognition for excellence in the classroom, in athletics, the arts, and through College Credit Plus and career readiness programs.

As we look forward to the 2026-2027 school year, we are excited to expand career technical education opportunities, workforce development programs, and industry-recognized certifications that will prepare our students for success in college, careers, and beyond.

The future is bright for Steubenville City Schools, and I look forward to another year of growth, achievement, and opportunity for every student.

Roll Red!
