11:00 am: Rally & Press Conference

South Steps—Texas State Capitol

January is Human Trafficking Prevention Month in Texas, and it marks the beginning of our great state's 86th Legislative Session. Please join our legislative champions in Austin to thank them for their dedication to the fight against modern-day slavery, and to show your support for anti-trafficking efforts. After the Rally, visit your legislators and urge them to make human trafficking a priority issue during the 86th Legislative Session.
