

Sedation Permit Holder?

Consider our courses which are mandatory per BOD.

January 5-6 Tampa/Brandon

January 5th from 1-5pm will be the “**Management of in-office**

Emergencies and Airway Management” course. This course covers 15 of the most common in-office emergencies and how you and your team can manage them. Airway management will be included to include plenty of hands-on time to practice using all airway techniques and adjuncts Florida BOD mandates you have in your office.

January 6th from 8:00-2:00pm will be **ACLS certification/renewal for DENTISTS ONLY**. No Paramedics, ED Nurses or ED Physicians! Dental scenarios in your setting to emphasize the care you will provide during the first 10 minutes should the need arise.

January 12-13 Ft. Lauderdale

January 12th-**Management of in-office Emergencies and Airway Management** as listed above for Tampa course.

January 13th-**ACLS for Dentists only**. See above Description.

For those who provide sedation to patients, the Florida BOD has mandatory education requirements and these courses meet/exceed the state requirements. All our courses include a very heavy “hands-on” approach so you have time to practice using the techniques and equipment discussed in class.

CEU

All courses are immediately reported to CE Broker. We have been a CE provider for Florida BOD for the past 6 years.
