2022 GALA

ABOUT US

Queens Community House (QCH) provides individuals and families with tools to enrich their lives and build healthy, inclusive communities. Through a broad network of programs operating out of 37 sites, we offer Queens residents a much-needed support system at every stage of life.

The organization's strength is identifying emerging needs and challenges of the borough's diverse communities and translating those challenges into programs that engage, teach and help residents excel. Today, we provide services to more than 25,000 children, teens, adults and older adults at program sites throughout the borough. Each year we help thousands of Queens residents to thrive in school, make healthy life choices, succeed in educating themselves, stabilize their housing situation, and make the most of their senior years.

QCH staff are true advocates for the community and work tirelessly to ensure that residents' immediate and long-term needs are met. During the height of the pandemic, for example, the organization rallied businesses and neighbors to create a fund that raised over \$400,000 for Queens families in need. The fund assisted over 600 struggling families.

Our Strengthening Neighborhoods Inspiring Change 2022 Gala is one of the borough's premiere events, and honors outstanding business and social leaders who have distinguished themselves in the field of public service and philanthropy.

COMMUNITY BUILDING THROUGH SOCIAL SERVICE PROVISION

Queens Community House is a bedrock in the most ethnically diverse urban area in the world, where 48% of residents are foreign-born and represent more than 100 different countries. Our sites serve as centers for social service provision, community-building, and local leadership development.

Children & Youth: QCH works within 19 NYC public schools to develop programs that support student learning, provide access to arts and STEM content, curb dropout rates, and help struggling students to achieve a high school diploma. A college-going culture is incorporated within all of our youth programs, and more than 2,500 young people receive college, career, and employment counseling from us every year.

Adults & Families: QCH has helped more than 15,000 Queens families avoid evictions from their homes, and we work consistently with tenants, landlords, and homeowners to ensure neighborhood safety and stability.

Older Adults: We serve more than 7,000 seniors annually, providing access to benefits, home-delivered meals, and opportunities for health, education, and socialization. Our programs help older adults to maintain their independence and dignity during their later years and, for those who choose, to remain in their own homes.

Immigrants: Each year, we assist more than 500 immigrants on their path to English literacy and U.S. citizenship, while helping them to become engaged and contributing neighbors in their new home. Our legal services unit helps families to unite, young adults to apply for DACA, and individuals to become legal residents and U.S. citizens.

LGBTQ Community: Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) youth find care, support and acceptance through our Generation Q program, while LGBTQ older adults gather for meals, learning, and socialization at our warm and welcoming Queens Center for Gay Seniors. These programs are just two examples of how we work to help marginalized members integrate into the larger community.
