

'I Didn't Come This Far To Only Come This Far' Tom Brady

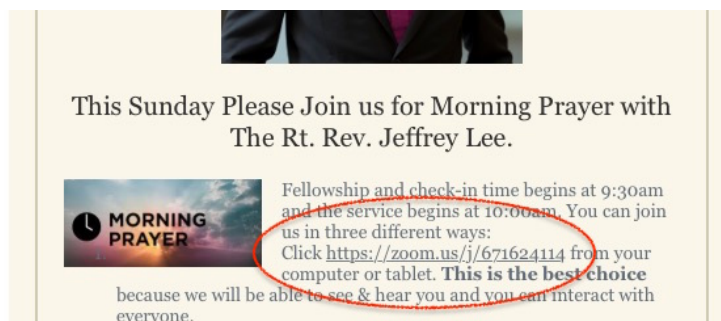

Isn't it time to give Zoom a try?

Join us for Morning Prayer on Sundays, and Bishop Lee's visit May 10.

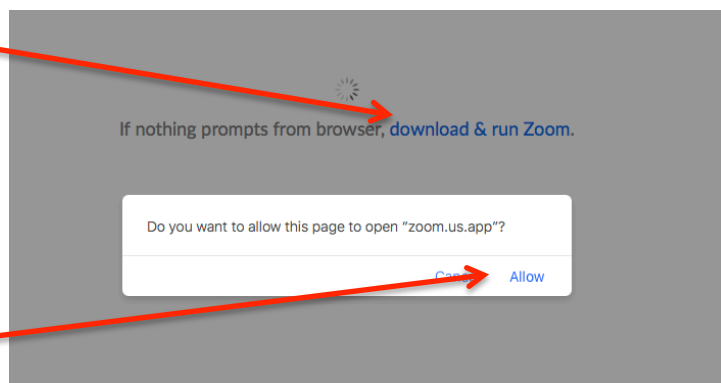

It's easy- here's how:

NOTE: If this is your first time with Zoom, allow a few minutes before the start of the meeting to get ready.

Step 1: Click on the link in your Sunday reminder email.

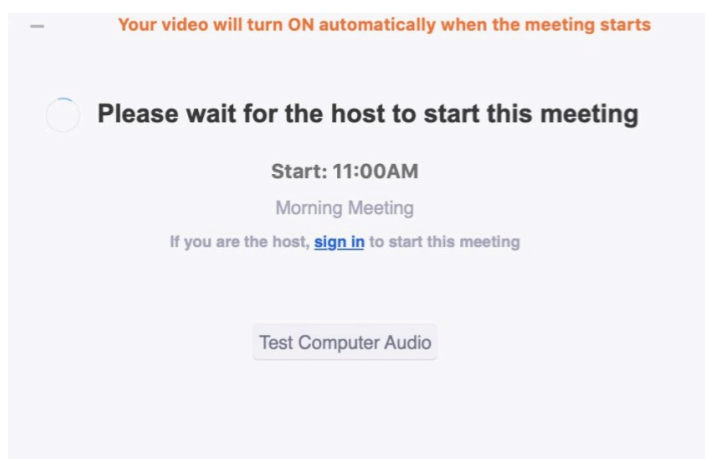

Step 2: If you have never used Zoom before then you will need to click *download and run Zoom*.

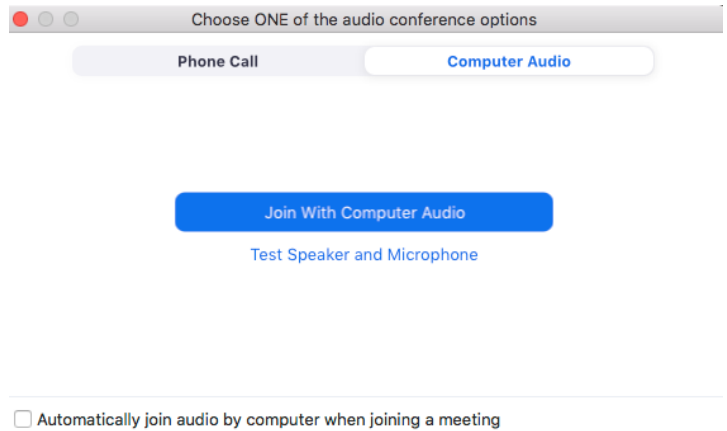

If you have Zoom already downloaded on your computer then click *Allow zoom.us.app*.

Step 3: You might see a similar message to the one on the right once Zoom has been launched. As soon as your host joins the meeting, the virtual room will pop up.

Step 4: The Join Audio window will pop up. Click on the blue button to join the meeting. You can also click on the *Test Speaker and Microphone* button if you'd like to adjust sound levels before joining.

Step 5: Most likely your host will not have Zoom set to mute all participants (that's YOU!) when they first join. When the service starts, the participants will be muted to minimize background noise. You will only be able to **hear** others at this time. They will not be able to hear you.

Mute indicator

Step 6: If you need to leave the service early or the host says the service has come to an end, you will want to exit the room by clicking the red *Leave Meeting* in the lower right hand corner.
