

We'd like to announce that Emmanuel will be holding a Queen of Hearts game of chance in order to raise money for our Casavant Organ Restoration project.

A queen of hearts game is a combination of two games of chance. It's a raffle that gives the selected ticket a chance to select the queen of hearts from a blind draw.

Each week, tickets to the raffle will be sold, and every Tuesday, at our partner Barrel House Social on Burlington across from the LaGrange train station (the old Chequers), we will draw one ticket from that week's entries. The lucky ticket, in addition to getting \$25 on the spot if present, will get a chance to select a card from a deck of 54 cards, blindly of course, and try to come up with the queen of hearts.

If they select the queen of hearts, they'll win 60% of the pot if present, and 50% if not. So that a winner need not be present to win, purchasers (players) will write a number from 1 to 54 on their tickets so that a pulled ticket can still

participate in revealing the queen of hearts even if not present. Emmanuel gets the remaining pot for our organ project!

If the raffle winner does not reveal the queen of hearts, all the tickets purchased for the weekly drawing are tossed away, but the accumulated pot is retained for the following week's drawing. The deck of cards to draw from the following week is reduced by one, and the excitement ramps up. We'll sell raffle tickets and draw a winner every week, until the queen of hearts is chosen!

Our raffle is limited by local statute to end by April 9, and it's likely that the pot will grow for several weeks before the queen of hearts is revealed. Tickets will go on sale at Barrel House Social on October 13. We'll also be selling tickets at Emmanuel events here on our grounds. The first drawing will be October 16 at Barrel House. So tell your friends to stop in at Barrel House Social and pick up their chance to win!

Ticket Prices: \$1 each, 6 for \$5, 13 for \$10
