Two Covid-19 cases have been confirmed at the long term care facility my great aunt lives at (Brio in Johnston).

Jon Royal has let us know that he has been diagnosed with Stage 4 bladder cancer. Jon says that he is not thrilled with this news but he is not traumatized by it. He will be pursuing a regimen of Immunotherapy in June. Your love, prayers and positive thoughts are greatly appreciated and email messages are welcome at jon.droyal@gmail.com.
