

# Joys & Concerns

Date: June 18, 2017

## **Kent Newman**

Last week Kent started a full time consulting position with the City of Des Moines as City Energy Adviser, part of a network of 20 cities in the City Energy Project, a national initiative to create healthier and more prosperous American cities by improving the energy efficiency of buildings. Working in partnership, the Project and the 20 participating cities will support innovative and practical solutions that boost local economies, reduce pollution, and create healthier environments.
