

# MAINTENANCE TRAINEE PROGRAM

**The Coeur Alaska Kensington Mine is excited to announce the launch of our new Maintenance Trainee Program! This program is a collaboration with the University of Alaska Southeast's Associates of Applied Sciences Diesel Technology Program**

## PROGRAM HIGHLIGHTS

- Have your tuition costs covered
- Get paid to attend school, including benefits (medical, dental, vision, 401k, paid time off)
- Gain valuable, paid, on-the-job experience while school is not in session

## PROGRAM REQUIREMENTS

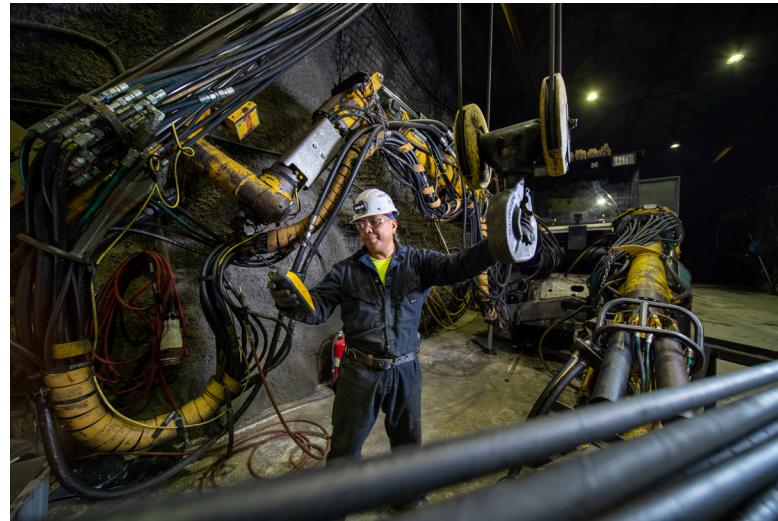

- High school diploma or equivalent
- Ability to be accepted into the UAS AAS Diesel Technology Program
- Maintain a 2.0 GPA and have acceptable class attendance
- Pass Coeur Alaska's pre-employment testing
- Work for Coeur Alaska for a minimum of two years following graduation

**UNIVERSITY of ALASKA SOUTHEAST**  
SCHOOL of CAREER EDUCATION

*Coeur Alaska, Inc.'s Kensington Mine is an underground, hard rock gold mine located in the Berners Bay Mining District, which has had over 100 years of resource development.*

*The mine, which has a small footprint of approximately 240 acres, is accessed via water with the 45-mile commute along Lynn Canal.*

*In 2019, Kensington reached the milestone of over one million ounces of gold produced and celebrated its tenth full year of production on July 3, 2020.*

*We Pursue a Higher Standard*
