

7th and 8th Grade Religion

The 7th and 8th grade students have been hard at work bringing joy to the seniors in our community. Each student has been paired up with a senior buddy whom they write cards and letters to, and send crafts to. We have received lovely letters back from our buddies and are looking forward to hearing from them again!

We have also partnered with Brothers of Mercy Nursing Home to provide ornaments for their Christmas trees. The students designed their own ornaments to help bring some holiday cheer to the residents. I am very proud of the kindness and compassion that they are exhibiting during these projects!
