

# 2021 MENTAL HEALTH RESOURCE DIRECTORY

Providers and Agencies in  
San Joaquin County

Directory created by the  
Maternal Child Adolescent  
Health Program

## ABOUT THIS DIRECTORY

This directory was created by the Maternal Child and Adolescent Health Programs (MCAH) of San Joaquin County Public Health Services as a service to the community to improve access to mental health services in our community. It is not intended as an endorsement by San Joaquin County of any provider or services offered by any of the entities listed in the directory. San Joaquin County does not screen or conduct background checks on any provider identified in this directory and is not affiliated with or responsible for any provider that is not a program specifically operated by San Joaquin County. This directory will be updated approximately every 2 years.

The insurances listed here for each provider are meant to be an approximate guide, not a guarantee of coverage. The information listed here is subject to change at any time. **Please always contact the patient's insurance plan to verify covered providers and benefits.**

If you have any questions about this directory, to request a copy of the directory, or if you are a therapist or agency and would like to add, remove, or edit any information printed here, please call:

**209-468-3004**

**~ Permission to copy - updated July 2021 ~**

*The focus of this directory is to list providers and agencies that treat mental health / behavioral health conditions by a licensed clinician, through either psychotherapy or medication. There are also resources related to mental health, trauma, and support.*

## ACCESSING SERVICES AND FINDING A THERAPIST

Mental health services are a covered benefit by health insurance, including Medi-Cal plans. Patients or providers should contact the insurance plan to verify exact coverage details. Most HMO plans have a trained triage clinician to assess the patient's needs via telephone, direct them to available therapists in the area, and provide authorization for treatment. Patients can often self-refer to specific clinicians or organizations, but may need to contact insurance for authorization. Many school systems also have mental health services available. Ask your child's school about therapy, counseling, or other mental health services provided by the school. Lack of childcare can be a major barrier for families with children which prevents them from seeking mental health services. Many services are now available virtually. Many therapists are willing to accommodate clients on a case by case basis for in-person services. Each patient should be encouraged to call the therapist or agency directly regarding accommodations.

Below are the phone numbers for the managed care Medi-Cal plans in San Joaquin County. For all other insurance plans, the appropriate phone numbers and websites are on the back of the insurance cards.

**MENTAL HEALTH CRISIS AND EMERGENCIES: 209-468-8686 OR 9-1-1**

**HEALTH PLAN OF SAN JOAQUIN (HPSJ) / BEACON: 888-581-7526**

Beacon is your front line resource for HPSJ members, including Medi-Cal plans. They accept self-referrals, referrals from a health care provider or from a parent of a minor. Remind the patient that the number is on the back of their card, or they can find a therapist via the HPSJ or Beacon website: [www.hpsj.com/behavioral-health](http://www.hpsj.com/behavioral-health) or [www.beaconhealthoptions.com](http://www.beaconhealthoptions.com)

**HEALTHNET: 888-327-0010**

This is your front line resource for HealthNet members, including Medi-Cal plans. They accept self-referrals, or referrals from a health care provider or from a parent of a minor. Remind the patient that the number is on the back of their card, or they can find a therapist via the HealthNet or the MHN website: <https://www.mhn.com/>

## **KAISER PERMANENTE: 855-268-4096**

Kaiser patients only, including Medi-Cal plans. This is your front line resource for Kaiser members. The patient can call the Department of Psychiatry directly (above number) or call the main customer service number and get transferred, or visit the website:  
<https://healthy.kaiserpermanente.org/northern-california/health-wellness/mental-health>

## **ALL MEDI-CAL PLANS - SAN JOAQUIN COUNTY BEHAVIORAL HEALTH SERVICES ACCESS MANAGED CARE: 209-468-9370**

Non-Emergency Triage and Screening Clinic for anyone with Medi-Cal insurance, including straight MediCal, limited scope Medi-Cal, as well as managed care Medi-Cal plans. However, managed care plan patients are encouraged to contact their health plan first if their mental health needs are mild to moderate, whereas the county BHS system should be used for more severe mental health needs.

## **OTHER INSURANCE PLANS**

For all other insurance plans, the appropriate phone numbers are on the back of the insurance card, so any patient or provider can call to ask about benefits, covered providers, copays, and authorization for treatment.

## **No INSURANCE**

For patients who do not have any insurance, many clinicians offer a sliding scale based on ability to pay, please call to verify cost. There are several resources in this directory that are very low cost, as low as \$25 per session, or possibly free of charge.

## WHO CAN DIAGNOSE AND TREAT MENTAL HEALTH DISORDERS?

- PhD – Doctor of Philosophy in Psychology (psychologist)
- PsyD – Doctor of Psychology (psychologist)
- LCSW - Licensed Clinical Social Workers
- LMFT – Licensed Marriage and Family Therapist
- LPCC – Licensed Professional Clinical Counselor
- MD, PA, NP, CNM - Medical Doctor, Physician Assistant, Nurse Practitioner, Certified Nurse Midwife, (any provider in primary care, women's health, pediatrics, psychiatry, etc.)

Licensed clinicians or therapists can diagnose and treat mental health disorders through talk therapy and a variety of interactive therapeutic techniques. They cannot prescribe medications. Psychologists are licensed by the California Board of Psychology. LMFTs, LCSWs, and LPCCs are licensed by the California Board of Behavioral Sciences. Interns working towards licensure, such as ASWs, etc. can also provide therapy under the supervision of a licensed clinician.

Only medical doctors, physician assistants, nurse practitioners, or midwives can prescribe psychiatric medications. A psychiatrist is a doctor who specializes in psychiatric medications, especially for complex cases. However, all primary care providers, as well as women's health or pediatric providers, should be able to initiate and manage basic psychotropic medication regiments, especially for mild to moderate needs.

## LEGEND FOR INDIVIDUAL PROVIDERS

Male Clinician

Female Clinician

Evening Appointments Available

Weekend Appointments Available

Psychiatrist

**Clinician speaks another language fluently & conducts therapy in that language listed in RED**

Providers who do not list a specific "specialty" means they serve all populations and issues

## INSURANCE LEGEND

## ALIANZA COUNSELING

**Telephone:** 209-910-9127

**Address:** 42 North Sutter St. Suite #503, Stockton, CA 95202

**Website:** [www.alianzacounseling.org](http://www.alianzacounseling.org)

### **What they offer:**

- Individual counseling for adults and children
- Services for victims of crime
- 52 Week Parenting Classes
- 16 Week Anger Management Classes
- 6 Week Elder Abuse Classes
- 6 Week Theft Classes
- Services are also available evenings and Saturdays
- These courses satisfy court ordered, probation, or CPS requirements, but are open to anyone.

**Types of therapists:** LCSW, MSW

### **Description of mental health services:**

- All services are available with **Spanish speaking clinicians**
- Counseling for any mental health needs, such as depression, anxiety, trauma, self-esteem, anger, sexual identity, marriage difficulties, substance use, and crisis situations
- Immigration mental health evaluations and hardship letters as part of the application process for immigration status, e.g. residency, deportation, 601 waivers, victim of crime U-Visas, and those seeking political asylum. Telephone help may be available if client is outside the U.S.

**Payment:** Insurance is not accepted. Services are free for victims of crime through CalVCB (state pays for eligible cases). Services are also free for those who are referred by Child Protective Services. Standard fees: \$125 for couples & families, \$80 per individual session, and \$50 for group sessions/classes. Referrals are accepted from agencies and anyone can self-refer to receive services.

**Medications:** Will not adjust any medication regimen. There is no physician onsite.

## CHILD ABUSE PREVENTION COUNCIL - CAPC

### CHILD ADVOCATES - PARENT COACHES

**Telephone:** 209-464-4524

**Address:** 540 N. California St. Stockton, CA 95202

**Website:** [www.nochildabuse.org](http://www.nochildabuse.org)

#### **What they offer:**

- Child and Family Therapy
- School Based Counseling and Advocacy
- Childcare/Preschool
- Parent Coaching
- 24/7 "Advice Line" for parents or children - whether a child needs someone to talk to, or a parent needs advice on how to best handle a situation at home such as discipline or behavior problems, any time of day or night (all 209-464-4524 and select the advice line)
- Youth Mentoring/TAY Program for ages 16-25 (Transitional Age Youth Program)
- Advocacy for Foster Children/Court Appointed Special Advocates (CASA)
- "Parent cafes" are an opportunity for parents to get together to discuss a variety of parenting topics, challenges and successes. A CAPC facilitator is present for this parent-led group. Meetings are usually in the community such as school sites.

**Types of therapists:** LMFT, LCSW, and associates

#### **Description of mental health services:**

- CAPC offers individual therapy with a clinician for children ages 0-18 with full scope Medi-Cal. Family members can often be involved in therapy sessions as needed or as is appropriate, but the primary client is the child.
- Referrals are accepted or clients can self-refer.

**Payment:** Children with Medi-Cal or uninsured children only. Private insurance is not accepted.

School based mental health services are provided regardless of insurance on most school campuses.

**Medications:** Will not adjust any medication regimen. No physician onsite.

**Medications:** Will not adjust any medication regimen. No physician onsite.

# SAINT JOSEPH'S BEHAVIORAL HEALTH SERVICES - SJBH

**Telephone:** 209-461-2000 (inpatient) or 209-938-0831 (outpatient)

**Inpatient Services:** 2510 N. California St. Stockton, CA 95204

**Outpatient Services:** 510 E. Magnolia St. Ste 100, Stockton, CA 95202

**Website:** [www.stjosephscanhelp.org](http://www.stjosephscanhelp.org)

## **What they offer / Description of mental health services:**

- Intensive comprehensive inpatient treatment unit for adults over 18
- 2 week intensive day treatment (partial hospitalization program)
- Intensive outpatient program for adults and adolescents (3 days / week)
- Marriage, family, and individual therapy
- Weekly group therapy for adults and children ages 5 years and over
- Behavioral evaluations are provided as a community service, **free of charge**. The screening evaluation is provided to identify needs and make appropriate referrals. For non-emergency behavioral evaluations, they accept appointments M-F from 8:00 am to 8:00 pm, and on Saturdays and Sundays from 10:00 am to 6:30 pm.
- Referrals are accepted or clients can self-refer

**Types of therapists:** MD, PhD, LMFT, LCSW, RN

**Payment:** Most private insurance and Medicare; but Medi-Cal is not accepted. Sliding scale available.

**Medications:** Yes - Psychiatrists are available on staff and can provide medications but only during the client's participation in the group sessions for 4-6 weeks. After this time, clients will have to locate a psychiatrist in the community themselves, or work with their primary care provider.

**Group Sessions/Support Groups:** SJBH offers several different groups to teach Dialectical Behavioral Therapy (DBT), a type of therapy to help clients develop trust, enhance self-confidence and learn new life skills for dealing with problems. They also offer social skills, marriage and parenting groups.

Continued on next page...

## SJBH CONTINUED...

- DBT Skills 101 Group: A 2 hour educational group teaching the four modules of DBT: Core
  - Mindfulness, Interpersonal Effectiveness, Emotion Regulation and Distress Tolerance
- DBT Skills Process Groups for Adults and Adolescents: A 2 hour skill process group to help clients implement Dialectical Behavioral Therapy skills into their daily lives
- Adolescent Social Skills Groups: A 1.5 hour group for children ages 8-13 to learn tools to help with social interaction
- Marriage Group: A 4 week skills training course to improve communication skills in marriage. Group is 2 hours long, once a week. Engaged couples as well as couples who have been married for 20+ years can benefit from this group.
- Parenting Group: A 4 week skills training course to help parents regain control of their children and improve family relations. Group is 2 hours long, once a week.

**SJBH also offers comprehensive substance use services for adults and adolescents (ages 13-17)**

- Inpatient, outpatient, detox, counseling, support groups, and a Suboxone clinic

# SAN JOAQUIN COUNTY BEHAVIORAL HEALTH SERVICES - BHS

**Mental Health CRISIS LINE: 209-468-8686** (24/7/365 number)

**Warmline:** 209-468-3585 (also 24/7/365)

**Access Line (non-emergency intake and assessment information):** 209-468-9370

**Website:** [www.sjcbhs.org](http://www.sjcbhs.org)

**Address:** 1212 N. California St. Stockton, CA 95202 for Crisis - **See next page for all outpatient locations in Stockton, Lodi, Manteca, and Tracy**

**Crisis Clinic Walk-in and Appointment Hours:** Monday-Friday 8:00 AM-4:00 PM. For after hours, weekends, and holidays, direct adult clients to the entrance by the parking lot, and direct minors under age 18 to the south end of the crisis building. Crisis services are available 24 hours a day, 7 days a week, everyday of the year, including holidays.

**What they offer:** Moderate to severe mental health and substance use services for San Joaquin County's Medi-Cal eligible populations. Integrated behavioral health services for children and adolescents with a serious emotional disturbance, and adults and older adults with moderate to severe mental illness through inpatient and outpatient services.

**Types of therapists:** MD, PhD, LMFT, LCSW, LPCC, RN, LVN

**Payment:** For adults over age 18: BHS accepts full scope and limited scope Medi-Cal and Medicare. Sliding scale available for uninsured adults. For children and youth, BHS accepts Medi-Cal and does not use a sliding scale. While private insurance is not accepted, Crisis Services will serve anyone who is decompensating or in a psychiatric crisis until they have stabilized. Once stable, the individual is referred to their insurance provider for follow-up care.

**Medications:** Yes, BHS has psychiatrists for both adults and children.

**Telephone Services:** The crisis and warm lines are always available by telephone 24/7/365.

## **CRISIS Services: (209) 468-8686**

- Clients are triaged and evaluated by a clinician who determines their level of acuity and the appropriate course of intervention. Field clinicians respond to community requests for crisis services, including 5150 evaluations
- Hospitals may call Crisis Services to request an evaluation for any person at the hospital who has already been medically cleared for discharge but needs a 5150 evaluation
- A Mobile Crisis Support Team (MCST) responds to mental health emergencies in the community, and for early intervention and outreach services

Continued on next page...

## SJC BHS CONTINUED...

- Crisis Stabilization Unit for adolescents ages 12 years and older who are experiencing an acute psychiatric crisis, where they are evaluated and if necessary, referred for psychiatric hospitalization.
- The warmline is a 24/7 number for individuals to call if they need to speak to someone immediately, but are not "in crisis". The warmline is staffed by those with lived experience.

**BHS Outpatient Services and Clinics:** Comprehensive outpatient specialty mental health services for adults and children including psychiatry, individual therapy, and group sessions as appropriate for each client. Private insurance not accepted for outpatient services. Call 209-468-9370 for intake.

# NAMI - NATIONAL ALLIANCE ON MENTAL ILLNESS

**Telephone:** 209-468-3755

**Website:** [www.namisanjoaquin.org](http://www.namisanjoaquin.org)

**Email:** [info@namisanjoaquin.org](mailto:info@namisanjoaquin.org)

## **What they offer:**

- NAMI offers education and support by providing support groups and classes for individuals, families, and professionals. See below for list of classes and groups.
- For those suffering with mental health conditions, peer to peer classes/support groups are led by trained peer volunteers who have received mental health treatment themselves.
- Support group meetings and educational programs for family members and caregivers are led by trained peer volunteers who have a family member that received mental health treatment.

**Payment:** All NAMI services are free of charge

**Group sessions/support groups:** NAMI offers classes/presentations, and support groups. Call NAMI to schedule a presentation or to sign up for a class. Classes and Presentations include:

- **Parents & Teachers as Allies** – an in service program focusing on helping school professionals and families better understand the early warning signs of mental illness in children, led by a trained team of someone who grew up with mental illness and also by a parent of a child with mental illness – call to request a presentation at your facility.
- **Family to Family** – an 8 week course for friends and families of those with mental illness, focusing on support, education, and advocacy, taught by trained family members. \*This course is also available in Spanish\*
- **Peer to Peer** – an 8 week course open to anyone with mental illness, taught by trained peers living with mental illness, emphasizing that recovery is possible and feasible and breaking the stigma of seeking support for mental illness. \*This course is also available in Spanish\*

Continued on next page...

## NAMI CONTINUED...

- **NAMI Basics** – a 6 week course for parents, family, or caregivers of children who have either been diagnosed or who have symptoms but have not yet been diagnosed with mental illness, taught by trained peers.
- **NAMI Provider Education Program** – a 5 week course offers 15 hours of in service training to line staff of mental health agencies, taught by a team of peers living with mental illness, family members, and a mental health provider who is either a family member or an individual with mental illness themselves.
- **In Your Own Voice** – a brief but comprehensive and interactive presentation available to anyone, which offers insight into mental illness and the hope and recovery possible for people with mental illness, taught by trained peers living with mental illness.

**Support Groups** - In addition to the classes, NAMI also hosts general monthly support groups. These are currently all virtual due to Covid-19. Please contact [info@namisanjoaquin.org](mailto:info@namisanjoaquin.org) to verify details and to receive a link to participate online.

- **Connections Peer Support Group:** the 1st & 3rd Tuesday of every month and the 2nd & 4th Friday of every month, at 6:00 pm.
- **Family Support Group** - the 2nd Tuesday & 4th Thursday of each month at 6:00 pm. Please call for information on Spanish support groups
