

### **PRESENTER: DR. IRA CHASNOFF**

Ira J. Chasnoff, M.D., an award-winning author, researcher and lecturer, is president of NTI Upstream and a Professor of Clinical Pediatrics at the University of Illinois College of Medicine in Chicago. He is one of the nation's leading researchers in the field of child development and the effects of maternal alcohol and drug use on the newborn infant and child. Chasnoff's most recent work focuses on community approaches to the integration of behavioral health services into primary health care for women and children and the occurrence of co-occurring mental health disorders in children who have been exposed to alcohol, methamphetamine, cocaine, and other drugs. Since 2002, Dr. Chasnoff has been leading cutting edge research into innovative treatment for children with Fetal Alcohol Syndrome.

# **The Mystery of Risk:**

## **Drugs, Alcohol, Pregnancy & the Vulnerable Child**

**Thursday, March 26, 2020**

**8:00am to 2:30pm – lunch included (prior registration required)**

**San Joaquin County Office of Education**

**Wentworth Education Center, Burwood Auditorium**

**2707 Transworld Drive, Stockton, CA 95206**

### **WHAT:**

A regional conference on the prevention and coordination of community efforts to address the *increase* in prenatal and perinatal substance exposure and the long term impact. Child maltreatment prevention begins before pregnancy.

### **WHY:**

**A Pregnant Woman Never Drinks Alone**

If you're pregnant, don't drink.

If you drink, don't get pregnant.

**Fetal Alcohol Spectrum Disorder**

is the leading known cause of mental retardation and is 100 percent preventable.
