

CANNABIS LAW & POLICY VIRTUAL SUMMIT

Tuesday, April 21
11:30am – 5pm (ET)

ATTORNEYS GENERAL GUEST SPEAKERS

TISH JAMES
NEW YORK
ATTORNEY GENERAL

WAYNE STENEHJEM
NORTH DAKOTA
ATTORNEY GENERAL

OBJECTIVES

- Educate Attorneys General and staff on the national and localized issues in the cannabis, CBD, and hemp marketplace.
- Create dialogue between Attorney General Offices and diverse stakeholders on hot topics within cannabis law & policy.
- Explore public private partnership opportunities to ensure a strictly regulated and compliant cannabis, hemp and CBD industry.

The legalization of adult-use and medical cannabis affects millions of Americans. Attorneys General are uniquely poised to lead here. To that end, the AG Alliance Cannabis Project is hosting a Cannabis Law & Policy Virtual Summit. The purpose of the Virtual Summit is to educate the national Attorney General community on key issues within the cannabis marketplace and facilitate dialogue among diverse stakeholders. The anticipated agenda is below.

The Cannabis Project provides interested parties an opportunity to dialogue on how cannabis legalization might preserve public health and safety, protect consumers, ensure the rule of law, while also respecting state experimentation as laboratories of democracy.

Participation is open and free to all public sector employees (AGO or regulatory staff). Register at this [link](#).

Private sector participants must contact Austin Bernstein at the information below to register.

Austin P. Bernstein
Director and Assistant Attorney General
