Fun Fact, June 28, 2023

Question: In which year did the diocese set up a Broadcast Board with responsibility for the production of a 15-minute radio broadcast, "Religion in Life" on WDEL, enabling clergy from throughout the diocese to preach to an audience of 18,000-20,000 people on Sunday mornings?

Clue: The program had previously been sponsored for nearly 40 years by St. Andrew's Church.

Answer: After a year of planning, the Broadcast Board was set up in 1979 and was reported at the 195th annual convention held on January 26, 1980, at St. Andrew's School, Middletown. The broadcast offered an opportunity for the diocese as a whole to preach the Gospel to a larger audience than the total active communicant membership of all the parishes in the diocese.
