

Sunflower Garden

Supplies:

- White, green, and brown construction Paper
- Glue
- Scissors
- Yellow Paint
- Green Yarn

Instructions:

1. Give each student a large sheet of white construction paper.
2. Paint the child's hands with yellow paint and let them place yellow hand prints in a circle on the white paper. Their fingers should point out to resemble the petals on a sunflower.
3. Glue a string of green yarn to make the stem.
4. Cut out leaf shapes from green construction paper. Cut out a brown circle for the center.
5. Glue the leaves and brown center onto the white paper to finish the sunflower.
6. For variation: Glue sunflower seeds in the flower centers OR cut out the sunflower heads and create a large sunflower garden on a bulletin board.
