Amanda Mecum is the company's Customer Relations Manager. For seven and a half years, she has enjoyed challenging herself daily and is constantly learning.

Amanda's interest in the banking/financial industry started long ago in Europe where she lived and worked for four and a half years. She also managed to visit 16 countries during that time.

Amanda stays very busy at work and outside of work. She enjoys traveling, hiking and teaching herself new skills. With two huskies and two cats at home, she still manages to balance time with them, time for herself and time for her staff.

"Amanda has a brilliant mind that is only surpassed by her kind heart. She's motivated, dedicated, forward thinking and clever."
