

Staff Spotlight

Meet Riley Tomlinson!

Riley is one of our Customer Relations and Integrations Rep and has been with us for almost one and a half years.

Originally from the metro-Detroit area, Riley moved to the Grand Rapids area to attend Grand Valley State University. She and her husband have settled here and now have a beautiful little toddler and two kitty cats.

When Riley isn't chasing her daughter and kitties around, she enjoys crocheting and reading (or sleeping).

Interestingly enough, Riley's Mother can trace her family roots to Castle Blenkinsopp of England (though their branch was more of a black sheep who had to run off to the new world for some hush-hush reason.) Those of us who work with Riley are glad she is sticking around and hasn't decided to run off.
