

Staff Spotlight

In the spotlight this month is **Brooke Sanford!**

Brooke has been with Magic-Wrighter for almost seven years. We are fortunate to have her as an EFS Customer Relations Representative.

During quarantine Brooke has enjoyed time at home with her husband of seven and a half years along with their two very adorable and very energetic sons who will be five and three years old this summer.

Brooke loves stories - theater, movies and books. In fact, she was involved in theater throughout her high school days.

She also enjoys going to local restaurants and breweries on date night and going out with friends.

Although Brooke has worked from home during quarantine, she is back in the office.

“MWI is a wonderful company to work at and I enjoy the chance to help others learn a new system or help them work through challenges.”
