

Blessed Friends of Raleigh Court Presbyterian Church,

This season, we reflect on all those who have partnered with Abukloi Foundation to transform lives in South Sudan. Raleigh Court is one of our transformative partners.

Your congregation has touched many lives in South Sudan through your support of Abukloi Foundation.

Your backing of Abukloi Secondary School has allowed us to hire qualified teachers. In South Sudan, where 70% of the population has little to no formal education and nearly 35% cannot read or write, capable teachers motivate students to stay in school and work toward a brighter future. Through sponsorships, your congregation ensures students have the supplies and nutrition needed to succeed daily. Thanks to you, we are graduating young leaders who will help improve their communities and country.

Thanks to your endowment program, your congregation also provided vital water to the isolated community of Makerdit. Before Raleigh Court's involvement, families in this area had to walk 3 miles to find safe drinking water. Without a local well, the risk of dehydration and disease was high, especially for the many young children. Now, they can access water safely close to home.

We recognize the enormous needs worldwide. We know you have many options when it comes to giving. That's why your choice to invest in South Sudan means so much. The work you do through Abukloi will benefit their lives for generations.

With Grateful Hearts and God's Blessings,

Mary Cassidy-Anger  
President
