GLOBAL WAR on TERROR

Wall of Remembrance

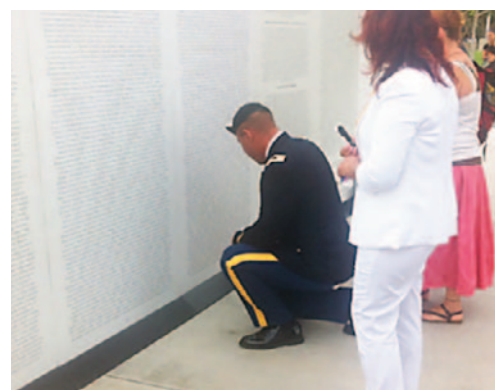

American Legion
Wellington Post 176

The Wall represents the Honor, Strength, Courage, Commitment, Loyalty and Family Values of America and the price that is paid for our freedom. The names on this wall come from the Global War on Terror. They are the victims and the heroes that lost their lives on 9/11 and the military that were called to duty and paid the ultimate price.

This is for the Families, Friends and Americans that choose to never forget and to help others to understand the price of freedom. We will honor them every day and we will help to heal those affected by the losses.

*Greater love hath no man than this,
that a man lay down his life for his friends.
~ John 15:13*
