Telehealth ROCKS

Trauma-Responsive Schools

Telehealth ROCKS invites you to join us for trauma-responsive training focused on schools. There is no cost to attend and training is online via Zoom. Please feel free to have staff attend the sessions most appropriate to their role.

Introductory session

We invite any school staff members who work with children to attend this introductory session.

- **June 7 from 10-11 AM:** We will learn the basics of a trauma-responsive school environment.
- **Register** for the introductory session: **https://redcap.kumc.edu/surveys/?s=AXKR9YCFPAKF77R7**

Advanced sessions

We invite those responsible for building the trauma-responsive environment at school to attend this 2-part advanced series.

- **Part 1: June 21 from 10-11:30 AM:** We will begin discussing the components and implementation of a trauma-responsive school plan.
- **Part 2: June 28 from 10-11:30 AM:** We will continue discussing the components and implementation of a trauma-responsive school plan.
- **Register** for the Advanced Sessions: **https://redcap.kumc.edu/surveys/?s=NKD3NH887P7WD7WN**

All sessions will be recorded and we will make related videos and other materials available on our website for future use in your school district and community.
