

American Campus Communities and Pavlov Media are always looking for ways to make your experience better

Soon you will see two new Wi-Fi networks that will replace the existing network

WHICH Wi-Fi NETWORK TO CHOOSE?

NETWORK NAME	5G Granville Towers
PASSWORD	8884pavlov

5 GHz

SSID

- Higher Frequency
- Less Interference
- Greater Performance

RECOMMENDED CHOICE

NETWORK NAME	Granville Towers
PASSWORD	8884pavlov

2.4 GHz

SSID

- Multiple Frequencies
- Greater Coverage

WHY IS THE NETWORK CHANGING?

This is part of a nationwide free upgrade and standardization to ensure the best experience on the network. It will provide enhanced consistency and security. You will also have more control on which frequency your device uses so you can prioritize speed or distance.
