

## **Post-Hurricane Harvey Support**

The STM community was hard hit by the recent storm and flooding. We understand that the challenges our families face will last for months even as school resumes and we are committed to supporting our students through this challenge. If you and your family were adversely impacted by Hurricane Harvey we would invite you to communicate that information as well as areas that you need assistance with for moving forward. Our goal is to try to match families with volunteers and agencies that can help. Please feel free to email that information to the School Clinic, [mgleason@stmorenews.com](mailto:mgleason@stmorenews.com). Please know that this correspondence is private and confidential and will not be shared without your permission.
