SUPCO® PORT-A-BLASTER® COIL CLEANING MACHINE

- ✓ Two pressure settings for indoor and outdoor use
- ✓ Lightweight for portability, yet rugged for extreme durability
- ✓ On-board storage compartment for all included accessories

The Port-A-Blaster® makes coil cleaning easy. This professional, lightweight, coil cleaning machine blasts dirt from evaporator and condenser coils using a patented, pressure activated pump. Two pressure settings deliver low pressure for indoor evaporator coils and high pressure for outdoor condenser coils up to 140 PSI. Compact yet tough, the Port-A-Blaster® has a rugged housing for extreme durability, but weighs only 11 lbs., making it easy to use and carry. Plus, all included accessories (trigger sprayer, wand/nozzle, and hoses) are conveniently stored in an on-board compartment.

PRODUCT FEATURES

- Includes durable quick-connect hoses, wand, and trigger sprayer
- Great for mini-split indoor coils and outdoor coils
- On-board storage cabinet for all accessories
- One year warranty
