

UVA Mobile Mammography Screening Services

When: Thursday, May 16, 2024

Where: 40 Celt Road, Stanardsville, VA 22973

Appointment schedule: 9 AM to 3 PM

Hosted by the Greene Care Clinic

UVA's Mobile Mammography Coach offers screenings that can detect early signs of breast cancer.

GETTING SCREENED

- Our screenings require a current relationship with a physician. Patients must provide their physician's name, address, and phone number when making an appointment.
- **If you are insured:** Screening costs will be billed to the patient's insurance company.
- **If you are uninsured:** Patients can ask for more information about these programs when they call to schedule their screening. They can also call the Greene Care Clinic at (434) 985-7000 to see if they are eligible for a free mammogram. The Clinic will help you submit your application and serve as your physician point-of-contact for the appointment.
- Results will be mailed to the patient and the patient's physician.

SCREENING FACTORS

- Patients with a history of breast problems should consult with their physician to discuss options.
- Patients 40 and older should talk with their physician about risk factors to determine frequency of mammograms.

To schedule an appointment, please call (434) 297-5202.
