

October will be a busy month at the Preschool. A visit from the Fire Department with their fire truck is planned for October 12th. Community helpers are always welcome at the preschool to expose the children to people who help and support others.

We will visit the pumpkin patch on October 20th. Each child will “pick” their very own pumpkin as we prepare for Halloween and decorate the center for our annual Halloween Parade on October 27.

Fall Parent/Teacher Conferences will take place in October to update each family on their child’s progress and development while interacting in our program. Our awesome teachers are excited to meet with each family.

It was so much fun having Reverend Shawn join our Hungry Caterpillars to enjoy the tasty apple sauce they made in class. Shawn had a great time eating apple sauce and talking with the children.

As children develop and grow, they enjoy having visitors and volunteers who can share a talent or read a story. If you or someone you know would like to share some time with our preschool, please reach out to me at lowens@fccwp.org I would love to hear from you....
