

ACADEMIC MAGNET HIGH SCHOOL

CHROMEBOOK POLICY 2025-2026

2025 Policy

Due to the 2025 policies outlawing personal devices in school (CCSD District Policy JICJ and State Proviso 1.103) and the availability of new and efficient devices for student computing, AMHS will have full 1 to 1 Chromebook utilization for all students beginning in 2025.

In August 2025, all learners will be required to check out a school issued Chromebook. 10th - 12th grade students will be permitted to use their personal devices for instructional purposes provided that such computer use is aligned with their teachers' rules and regulations. 9th grade students are not allowed to use personal devices at school.
