Dear Practice Manager,

I am a Texas native that just graduated from Texas A&M College of Dentistry in May 2025. As I continue on to my next chapter of life, I will be settling in the Bay Area where my husband currently resides. I am excited to bring my skills and commitment to patient-centered care to an associate dentist position in the Bay Area.

I am primarily seeking opportunities in areas such as San Jose and San Mateo, but if the opportunity arises, I am willing to make the commute in order to take on the right role for a new graduate position. As a new graduate, I am particularly looking for a practice where I can continue developing my skills under the guidance of experienced mentors. I hope to be a part of a collaborative and growth-oriented environment.

My hands-on training includes experiences in restorative procedures, extractions, complete/partial dentures, and diagnostic exams with treatment plans for a diverse patient base. I have rotated at clinics serving underserved populations around Dallas where I developed proficiency in working in faster paced environments while still providing compassionate patient care. These experiences reinforced my dedication to making a meaningful impact in dentistry.

I am excited about the opportunity to contribute my clinical skills, work ethic, and enthusiasm for learning to a practice in the Bay Area. Thank you for considering my application. I look forward to the possibility of discussing how I can support your team!

Warm Regards,

Shivani Madhav

CLINICAL EXPERIENCE

Texas A&M College of Dentistry- TAMCOD

Dallas, TX

Student Dentist

August 2021- May 2025

- TAMCOD: Experience in clinic with direct/indirect restorations, extractions, dentures, scaling and root planing, and comprehensive exams involving diagnosis and treatment planning.
- M.C. Cooper Clinic: Clinical rotation in South Dallas. Experiences include more complex extractions (wisdom teeth), alveoplasty, and premolar root canals.
- North Dallas Shared Ministries: Clinical rotation serving the greater Dallas metroplex. Gained experience with Eaglesoft software, conducting comprehensive exams, administering anesthesia for hygiene exams, periodontal exams/cleanings, direct restorations, and extractions.

Downtown Dental Design

Austin, TX

Shadowing/Assisting

December 2018-May 2021 and Summer 2022

- Shadowed Dr. Negar Eslami, observing procedures in general and cosmetic cases, including bridges, direct/indirect restorations, Invisalign, and comprehensive exams.
- Interacted with office staff to understand foundations for private practice.

ORGANIZATIONS AND LEADERSHIP

Aesthetic and Cosmetic Dentistry Club

Dallas, TX

Treasurer

Spring 2024- May 2025

Active Member

Spring 2023-Present

- Participated in workshops for veneers, implants, updated scanning technology, and esthetic restorations.
- As treasurer, managed Good Bull fund scholarship (\$3,000) to provide networking opportunities with other dentists in Dallas via smile design lectures to classmates.

Texas Association of Women Dentists

Dallas, TX

Volunteer Officer

Fall 2023-Summer 2024

Active Member

Fall 2021-May 2025

Fall 2021-August 2024

- Member of TAMCOD’s chapter of Asian Dental Society. Engaged in cultural events to foster community among diverse backgrounds.

RESEARCH + ELECTIVES

Endodontics Research**Dallas, TX***Participant*

March 2023- May 2023

- Participant of on-going study that will use 3D software to evaluate pulpal access cavity preparation.
- Purpose was to evaluate if Planmeca Romexis Compare software effects the way dental students perform technical activities, complete self-evaluations, view opinions, and approach skills.

Endodontics Selective**Dallas, TX***Student*

August 2024-November 2024

- Elective course used 3Shape TRIOS design studio to scan root canal access preps for anterior teeth and molars. Defined access using software to understand ideal shape needed to visualize canals.
- Completed 3D analysis of endodontic accesses and determined if access standards met current ADEX guidelines.
