

If you took the very 1st Edition of the Lifestyle Medicine Core Competencies program, you will be given complimentary access to the NEW Lifestyle Medicine Core Competencies Program for two years. As a bonus, the updated Lifestyle Medicine program is also approved for both CME and ABPM MOC as a new education activity. This means that even if you have already received credit for the 1st Edition, you may receive additional credit for the new program as well.

If you have any further questions at this time, please contact ateducation@acpm.org.
