

## TRAUMA INFORMED EARLY CHILDHOOD SERVICES (TIECS)

Understanding the impact of trauma on young children and families across developmental domains is critical to understanding how best to support them. This training will be based on the work of Doctors Yackley and Barnett from [Dartmouth Trauma Interventions Research Center](#). It will take the mystery out of the words “trauma”, “trauma exposed” and “toxic stress” and help participants understand their role in working with young children who have experienced trauma. This training will highlight the importance of collaborating, accessing resources and developing strategies.

**Presenter:** Sandra Hogan, LCMHC, ECMP-WTF

Sandy is a PTAN Child Care Consultant and has worked for many years in the early childhood and counseling fields specializing in trauma informed care.

**When:** Wednesday, November 7, 2018 - 6:00-8:30 PM
