

## WHAT TO DO.....WHEN THERE ARE DEVELOPMENTAL CONCERNS

This training addresses questions that arise when child care teachers are concerned about a child's development. How do I know if I should be concerned? How do I talk with the child's parents or guardians about my concern? What services are available for the child and family and how do they access those services?

Training topics will include: using the NH Early Learning Standards; understanding factors that impact children's development, implementing evidence-based practices (Pyramid Model) to support children's development; and screening tools. Come with your questions and leave with a better understanding of what to do when you're concerned about a child's development.

**Presenter:** **Simonne Perry, M.Ed., ECMP-WTF**

Simonne is a PTAN Child Care Consultant and has a long history of working in NH Early Childhood Education (ECE) and Special Education (ECSE) programs. She worked with preschool children as an ECSE teacher in a southern NH school district and infants and toddlers as an educator and evaluator for a Family-Centered Early Supports and Services program.
