# TRAINING & TA INSTITUTE

## TEACH ~ TRAIN ~ INSPIRE

### USING THE NH EARLY LEARNING STANDARDS!

Are you an Early Childhood Trainer? Faculty Member? Training and TA Specialist? Consultant? Peer Mentor? Are you looking for professional development specific to the work that you provide to early childhood professionals? Would you like to promote the use of the New Hampshire Early Learning Standards into your work? If so, Child Care Aware of NH's 1<sup>st</sup> Training and TA Institute is perfect for you. As the NH Early Learning Standards are in the process of being printed, we felt that it was an opportune time to provide training to those individuals providing training and technical assistance.

Please join Child Care Aware of NH (CCAoNH) for this year's Institute as we "Teach, Train, Inspire: Using the NH Early Learning Standards"

**Training Description:** During this year's *Training and Technical Assistance Institute*, Early Childhood Trainers, Technical Assistance Specialists, Consultants and others serving in a mentorship role, will gather to obtain an in-depth look at the NH Early Learning Standards (ELS). Through various hands-on activities and interactive group discussions participants will walk away with a stronger working knowledge of the NH ELS. Join us to learn about the history behind them and explore the different components and resources that can be found within its' pages. You'll walk away from this Institute with a stronger familiarity with the format of the standards and gain concrete ways to support teachers and programs as they start to implement the NH ELS into their work. Participants will be provided with the ELS book, *Standards of Practice: Using Standards to Promote Quality and Staff Development Through Leadership and Change* by Gronlund and James and get an overview of the Standards of Practice six session training series about learning how to incorporate NH ELS into programs. This training is intended for those who provide training and technical assistance, coaching, mentoring and consultation.

**Core Knowledge Area:** Developing as a Professional

**Presented By:** Jennifer Ganim-Smith, ECMPWT

The preparation of these events was financed under a Contract with the State of NH, Department of Health and Human Services, Division for Children, Youth, and Families, Child Development Bureau, with funds provided in part by the State of NH and the US Department of Health and Human Services
