

# SKILL BUILDING FOR TRAUMA INFORMED CHILDCARE PRACTICES

Save the date!

CE Credits Available

**Six hours of professional development by  
Dr. Cassie Yackley, Psy.D**

Training in trauma-informed early childhood services equips providers with an understanding of the root causes of aggressive, avoidant, and non-compliant behavior and with effective, relationship-based strategies for effective intervention. Transforming early childhood settings into trauma-sensitive environments creates safety and engages challenged and challenging young children, which can dramatically reduce the incidence of disruptive behavior.

Center directors/owners-reimbursement for paying substitutes to replace staff attending this training is also available. Please contact Barbara Farnsworth, [Barbara.g.farnsworth@hitchcock.org](mailto:Barbara.g.farnsworth@hitchcock.org) for more information.

**FOOD AND REIMBURSEMENT FOR YOUR TIME** to attend the training will be provided  
For more information or to register for the event, please email
