

2020 Infant & Toddler Institute

"Brain Development: Theory, Application and Action Steps"

Training Information

Saturday, December 12, 2020

8:30 AM-1:30 PM

Online Zoom Training

Schedule of the Day:

8:30-9:30 AM Welcome

9:30-9:45 AM Break

9:45-10:45 AM Discussion

10:45-11:00 AM Break

11:00 AM-12:00 PM Discussion

12:00-12:30 PM Lunch

12:30-1:30 PM Wrap-Up

Registration Information

Registration fee is \$25.00.

Registration is through

[Eventbrite](#).

Registration is on-line only and
pre-registration is required.

Registration fees are
non-refundable.

Professional Development:

Four (4) Hours of professional
development awarded.

CKAs: Developing as a
Professional and Promoting
Child Growth & Development

CCAoNH is excited to offer a virtual Infant & Toddler Institute specific for **Infant and Toddler providers!** Please join us for our Virtual Infant & Toddler Institute with **Scott Noyes from Empowering Programs**. He will provide a training on brain development specific to infants and toddlers.

Raising children is all about growing brains. In this seminar, Scott will answer questions such as: Does listening to Mozart make children smarter? What's up with Baby Einstein videos? Do brain toys and early academic exposure work? Does telling a child they are smart make them intelligent? Why is empathy important in an evolving brain? By examining the current research on brain development, this seminar works to develop the practical applications and action steps for child care providers. Understanding the difference between a stressed and an unstressed brain, boy brains and girl brains, and sensitive periods and critical periods, provides for many lively discussions addressing, "What does all this stuff mean?"

Scott Noyes, ECMPWT, Empowering Programs has been professionally working, playing, writing and talking about children for thirty years. He teaches a graduate level course in "Challenging Behaviors," and an undergraduate course in "Positive Discipline." Scott's first book, *Positive Discipline - That Works!* is in its fourth publishing. His second book, *Intentional Language* was released in the fall of 2003. His newest reader, *This Child is Driving Us Crazy - What Should We Do?* helps adults develop an effective behavior plan for children with feisty behaviors.

Child Care Aware of NH is a Child Care Resource and Referral Program powered by Southern New Hampshire Services. The preparation of this flyer was financed under a Contract with the State of NH, Department of Health and Human Services, Division of Economic and Housing Stability, Bureau of Child Development and Head Start Collaboration, with funds provided in part by the State of NH and the US Department of Health and Human Services.
