

CCAoNH will be hosting a series of **Learning Community: Online Health and Safety Technical Assistance Support** meetings in 5 different locations around the state. At each meeting, Child Care Aware of NH will provide assistance to early childhood professionals regarding the new Health and Safety Training Requirements that need to be completed by September 30, 2017. A Training and TA Specialist will be on site to provide support accessing the webinars and to answer questions as participants work through the NH Health and Safety Training Program.
