

Early Childhood Leadership Collaborative: Promoting the Pyramid Model in Early Childhood Settings

The Pyramid Model is a multi-tiered framework of practices designed to support the social and emotional development of infants, toddlers and preschool-aged children.

Studies of Pyramid Model implementation in programs with and without disabilities, show an increase in children's social skills and a decrease in children's challenging behaviors.

In this collaborative, participants will have the opportunity to learn more about the Pyramid Model on an on-going basis and explore the evidence-based practices that comprise the promotion, prevention and intervention approaches that make up the Pyramid Model framework.

Dates & Topics:

- May 18 & 21: Collaborative 1 - Intro to the Pyramid Model and Positive Behavioral Supports (PBIS)
