

## FREE TRAINING OPPORTUNITY

# Join a Professional Learning Community (PLC) around the Infant Toddler, Preschool or Birth to Five ePyramid Modules

Participants will work through the self-paced eModules supported by 1-hour, bi-weekly group coaching calls with a facilitator from the NH Pyramid Model Master Cadre. Participants will be supported in reflecting and applying the strategies in the ePyramid Modules via a group coaching cohort with a maximum of 12 participants per cohort. To participate in these PLCs, you will need to create accounts in ProSolutions and the NH Professional Registry, if you do not have one already (it is a very simple and quick process).

- Participants can access the FREE ePyramid Modules at **ProSolutions**. Choose New Hampshire in the drop down and select the modules you would like to complete. (18 hours of PD through ProSolutions)
- To register for the corresponding FREE PLC, please go to the **NH Professional Registry** (6 hours of PD through the NH Professional Registry).
- For questions please contact Hillary Pincoske, the PTAN Project Assistant at [ptanprojasst@seresc.net](mailto:ptanprojasst@seresc.net)
